

WEEK 11: End of unit test:

A new company called Toys for Tots are due to open and are wanting a traditional poster advertising the toys they sell.

1. You are to choose **at least 2** of these toys and create a perspective or isometric drawing of them
2. You can use **either one point or two point perspective drawings.**
3. You **must also demonstrate the use of crating skills** to plan your objects dimensions
4. You must use rendering to show the materials the products are made from.
5. **If you are more confident, you may wish to use all skills together.**
6. **Extra credit** will be given to drawings that make use of **colour and additional details**

Lesson Objectives / (Nodau Dysgu)

- Pupils should be able to understand how to draw in one and two point perspective to complete a task of their own choice
- Pupils should be able to use their understanding of two point perspective to complete an independent drawing moving the vanishing point, adding their own details.
- Pupils should be able to use their understanding of thick and thin lines, textures and renders to improve the presentation of drawings throughout their folder
