

Design out the box

Crazy Golf

CONTEXT

You work as part of a design team for a local landscape design company. Your team you have been tasked to produce a range of designs for a mini golf course due to open in the local park.

DESIGN TASK

You have been asked to choose from a range of themes the owners want to base the individual golf holes around. You are required to submit two design proposals for two different courses based around two different themes.

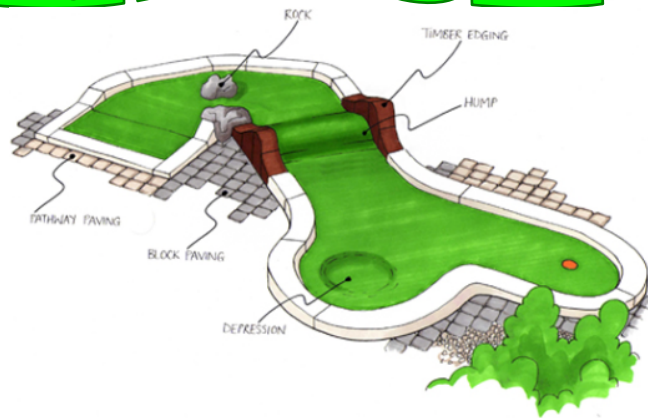

You must design the bunkers, obstacles, the golf course decorations based around your theme, and an introduction board to be placed at the beginning to course to explain the obstacles faced and how many shots the course is etc. below are a list of themes you can choose from and the layout of the two courses are shown on the next pages.

"Get practicing, good luck and happy golfing"

CRAZY GOLF
